OBJECTIVE

As a Computer Science student, I have a solid understanding of programming languages such as Java, Python, HTML, CSS, and JavaScript. I have gained knowledge through coursework and hands-on mini projects, and I am eager to gain more practical experience. I enjoy working in team environments and am always willing to learn and improve my skills. My goal is to build a strong foundation in software development and grow as a professional in the technology field.

EDUCATION

K.S. Rangasamy College of Technology, Tiruchengode
B.E. Computer Science and Engineering | 2023 – 2027
CGPA: 8.1/10

Sri Vidhya Mandhir Matric Higher Secondary School
HSC (Class XII) | 2022 – 2023
Percentage: 71%

TECHNICAL SKILLS

Programming Languages: Java, Python

Web Technologies: HTML, CSS, JavaScript

UI/UX Design: User Interface (UI) & User Experience (UX) Design, Wireframing, Prototyping

Database Management: MySQL

PROJECTS

Travel Buddy – Trip Planner Web Application

Developed a responsive trip planner web application using HTML, CSS, and JavaScript. The application includes a travel form to collect user details such as destination, travel dates, and preferences. Implemented a dynamic destination carousel with interactive cards and randomly generated prices using JavaScript. The project focuses on a simple, user-friendly interface for planning personalized trips efficiently.

UI/UX Designing – Spotify App Redesign

Designed a Spotify-inspired music application interface with a strong focus on user-centered UI/UX principles. Created high-fidelity layouts for key screens including the home dashboard, playlist view, and music player interface. Enhanced usability and accessibility through intuitive navigation, clear interaction flows, and responsive design elements, ensuring a smooth and engaging user experience.
